Dear Sam:

We held our Flu Clinic on Thursday, October 30, 2008 at our Elavon office. We had 106 employees/spouses receive the flu shot. The nurses who were giving the shots were good, and I did not hear any complaints from anyone.

The supplies were brought to our office by the nurses, which worked out better than having the supplies shipped to our office. The previous year we had issues with getting the vaccinations on time.

OccuVAX did a great job and we will use them again this year.

Thanks for making our flu clinic run so smoothly.

Sincerely,
