Dear Sam Weiss,

We used your company last year for the first time for our annual flu shot clinic. Changing companies is always a challenge but your company made the change easy. After talking with you and setting up a date OccuVAX arranged for the shipment of all the needed supplies. An email arrived that notified me, in advance, about when I should expect the vaccine to arrive and that it would need to be refrigerated.

Not only did the vaccine arrive by mail but also all the other supplies the nurse would need. The day before the services were to be provided the nurse contacted me to ensure that all the supplies had arrived and to see if I had any questions.

On the day of the clinic the nurse arrived ahead of schedule and she was very nice and proficient. She wasted no time collecting the consent forms from the employees and completing the flu shots. She even packed up the left over supplies and prepared the box for shipment. I signed her timecard and we were done in less than an hour.

I would definitely use OccuVAX again next year and I would recommend OccuVAX to other prospective companies.

Thanks for all you do.

Sincerely,

Susan Turner
