Dear Sam,

I would highly recommend OccuVAX to anyone for a Flu Shot Clinic. Setting up the Flu Shot Clinic for our employees was very easy. I went online and set up the day and time that worked the best for our company.

The nurse that administered the flu shots was very friendly, helpful and professional. She was prepared and ready for the few employees who decided at the last minute to receive a flu shot. She was very knowledgeable with any questions that were asked. She even left the area cleaner than it was when she arrived!

I know that we will use OccuVAX again next year for our employee flu shots. I think this is the beginning of a long flu shot relationship.

Please feel free to call me with any questions, or if you would like further information about our experience.

Sincerely,

A handwritten signature in cursive script that reads "Debbie Parks".
