Dear Mr. Weiss:

I am writing to let you know how of our experience with OccuVax for our flu shot clinic. Our clinic was held on October 16<sup>th</sup>, 2008. The online appointment scheduling went very smoothly and we had over 100 people scheduled for the clinic. Of course, the day or two before the clinic a few associates had to cancel to due travel plans or health issues. We still ended up with 100 participants.

On the day of the clinic, we had two nurses, Robert and Carol. It was the first time for both of them working at an OccuVax clinic. Bob was a quiet organizer and Carol was a bundle of enthusiasm. Both did a great job with the injections and for never meeting before, they soon showed their strengths and worked like they'd been doing this together forever. Everything went smoothly and quickly.

Next year, I'm buying suckers or stickers to give out after the vaccinations. That would make it more fun. I had lite-and-easy music from my ipod playing in the background and people seemed to like that too.

I'm looking forward to doing business with OccuVax again this year. Thank you for your wonderful, efficient service.

Sincerely,
